

BATTLE IN TH

In the Name of Allah, Master Fard Muhammad, to Whom Praises are Due Forever. We forever give thanks and Holy Praises to Allah for giving us His Divine Messenger, The Most Honorable Elijah Muhammad.

We reprint by popular request this great, great message from Allah, given to us by MESSENGER MUHAMMAD in an article entitled, BATTLE IN THE SKY, which appeared in the January 7, 1966 issue of MUHAMMAD SPEAKS NEWSPAPER. Read what MESSENGER MUHAMMAD taught us in that article seven years ago and compare it with what we see happening today!

We do not have sufficient words to give the proper credit, and to do justice to, or show our appreciation for, our Divine MESSENGER MUHAMMAD, Messenger to all the Black people in America.

Today's news tells us of a space station, which Messenger Muhammad teaches us the white man

would send into the heavens, by the Permission of Allah, so that the white man can peep into the heavens and see how great Allah is and how limited the efforts of the white race are. Messenger Muhammad taught us the purpose behind the white man's efforts to ascend into the heavens.

The white scientists know well that Allah is the Greatest, for they have to wait for the right conditions of nature, the right moment and the right position of various planets, etc. before they can launch their experiment into the sky...And Allah Has Power over all things (nature, time planets, etc.).

The white scientists know also that MESSENGER MUHAMMAD is teaching us the truth, and the Holy Qur-an verifies that the heavens are guarded and Allah limits the white man in whatever he does.

How great a Messenger, is MESSENGER MUHAMMAD! How great a gift is MUHAMMAD!

That Allah has given to us the Black people.

Give—join with MESSENGER MUHAMMAD, for he does not waste money on guesses and experiments; for Allah has revealed to him, the secrets of this day. He has given to Muhammad the solution to our problem. Allah has given to Muhammad the answer to what were the secrets of the Heavens and the earth.

He has given to MUHAMMAD, the answers to the future of we the Black, and the answers to the future of the white race.

There is no waste of talent, money or work with Messenger Muhammad. Let us join with MESSENGER MUHAMMAD, and do something for our Black Self with what we have in talent to make a life for our Black self, and to our Black self—and leave the white man to Allah, for Allah is surely the Greatest.

Margary Hassain

By Elijah Muhammad Messenger of Allah

The Bible and Holy Qur-an, both books, refer to the final war between God and the devil that would be decided in the sky.

The white race was given the authority and power and 6,000 years to rule us, the Black Nation of earth, but at the end of 6,000 years there would be a great time of trouble and a great display of the signs of this final war between God and the white race (the devil).

These signs would serve as a warning to us and what we may expect. And, as we see today, they are coming to pass.

And, all of the other signs and prophecies of such signs appearing just around that time of the ending and destruction of the world of evil (the white race) and the displaying of these signs, as Jesus mentioned some in the Heavens and some on the earth; and the preparation to be made for a final battle between God and the devil.

The white man has conquered both land and sea travel. The sea used to serve as a barrier against him.

But now the white man has conquered her. The white man now can go over her surface in the worst of storms, and he can go through her with under-surface boats as well (submarines).

Now the white man has cast his eyes into space (the sky), to conquer it, and he is doing that.

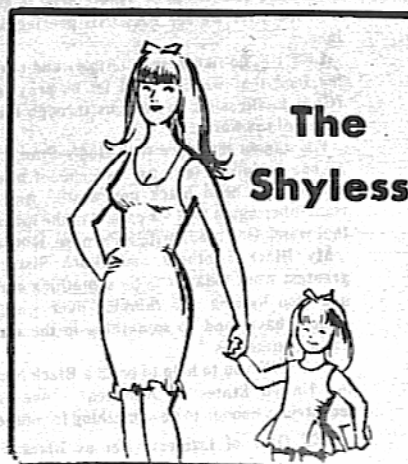

The white race, having knowledge of what they may expect today, they are spending billions of dollars on space travel. He has now brought the moon to him and even

some of the stars.

The main thing I guess you are thinking is: Can he win against God, if God and His Prophets have foretold the outcome of this battle in the sky?

It is impossible for the white race to win. What makes it impossible for them to win is because they have not the power of the forces of nature, while the power of the forces or nature is in the Hand of God — making it impossible for the white man to win in a war of this sort.

The white man cannot win against God on earth, so why waste billions of dollars to fight against

The Filth That Produces

Holy Quran (7:27) O children arch deceiver seduce you, as he from the garden, pulling off from that he might show them their sin, you, he as well as his hosts, from not. Surely We have made the deceiver of those who believe not.

This happened to the Black Yakub from Arabia. He pulled off his Self, the clothes of Righteousness (his) or their shame; and then made the hills and cave-sides of Europe, unclean. You are warned. You believe not. You are invited to evil and to wait and see.
