

ever they may be. On court day I was handcuffed to Messenger Elijah Muhammad and stood before Judge Gorden. Messenger Muhammad was charged with CONTRIBUTING TO DELINQUENCY. Later, we all were freed – he got six months probation, but we did not stop. Twenty years later in April 1954, I made my second trip to jail for our SCHOOLS. No. 1 had gone down the second time and Messenger Elijah Muhammad re-opened it on Frederick St. This time I was the one man who went to Jail for this cause. The school was charged with being an unaccredited school with unqualified teachers. My charge was Contempt of Court because I did not place my children in public school. Four of my children were taken on this count. Within four weeks after my children returned home they went back to our school. Later our school became passable with progress toward self education of our people. We can have schools of our own like other NATIONS.

I don't believe that Muhammad and others went to jail so these and those who came after would become intergrated in any Nation other than their own. If so, we all went to jail for these UNIVERSITYS in vain.

Look at these little KINDERGARTNERS, the cleanliness and proudness of self. This was and is a sign and a step toward self help into a land of their own with the EDUCATION of self and others.

Let us keep up Messenger Elijah Muhammad's program in these fields. PULL, PUSH, and POOLING in UNITY, without VIOLENCE, HATE or seeking REVENGE. If we are PEACABLE people in UNIFY of SELF, land and others will come easily.

To go for self we can't INTERGRATE with any one but ourselves.
