

PROBLEM

Mentally Dead Black Brother to keep him away from the right road for success.

IN CALIFORNIA you have sought, and still do seek, some false way and charge so that you will have an excuse to attack and to destroy the Muslims. You want to kill them to prevent them from being a Black People.

THE enemy sets up evil blind, deaf and dumb Black People to do wicked things which the Muslims will not do and then they falsely charge it to the Muslims. Sometimes evil, blind, dead and dumb Black People disguise themselves as Muslims and do evil things against the law. I am told that sometimes the law asks these people to do these unlawful things and then the law charges the law-breaking to the Muslims in order to get a chance to discredit the Muslims and to make us appear in the eyes of the world to be non-Muslim who only claim to be Muslim.

THE PROBLEM of the Resurrection of the Black Man is hindered every minute in the hour. I wonder do the wise white people of California think that they will be safe even if they were to kill all of the Muslims in the State of California. Do they think that they would now be safe? I should say not; they can hasten their doom by beginning to kill Muslims. Allah (God) Would Not Allow them to destroy us, He says, "If you touch one of my least ones (Muslim, Resurrected Black Man) it would be better for you that you were never born."

AMERICA is now being openly Divinely Plagued. I think that America should take for her example, Pharaoh and his people.

**The Honorable Elijah Muhammad
Messenger of Allah**

They worked hard to oppose Allah's Plan and to oppose Moses, His Servant but they failed and they were drowned in the sea.

THERE is no aggressiveness in the Muslims and we are not committing any acts of aggression. We are trying to get along with you by trying to do something for ourselves, which would dignify not only the Black slave, but his white slave-master and the white slave-master's country.

IN order to SOLVE THE PROBLEM of the Black Man here in America we must use the Divine Solution. We must unite together and do something constructive, for ourselves. GOD HELPS THOSE WHO HELP THEMSELVES:

**ELIJAH MUHAMMAD
Messenger of Allah**
