

# What Islam Has Done For Me

## The Black Man Must Hurry and Join Unto His Own Kind

By Brother Charles 19X (Mosque No. 2)

The Messenger of Allah, the Honorable Elijah Muhammad, is preparing you and I for the new world — a world of peace and justice. He is preparing us for the world in which we will enjoy life in this flesh or body (the only spirit), while we live, and not in the sweet bye and bye when the morning comes that our Christian preachers and pall-bearers have been promising us for the past 400 years.

**THE ONLY** spook or spirit we will encounter is that of our self-determination to keep this present strife from repeating itself, since we will not have to die to enjoy the fruits of justice.

Our Leader and Teacher is making it plain that Allah, the God of all worlds who appeared in the person of Master W. F. Muhammad (to whom praises are forever due) in the year 1930, taught him that the habit of promoting wrongs against ourselves is not the nature of the original black man. Rather it is the copied action of the oppressor.

He (the Messenger of Allah) states that around the period between 1555 and 1865, a total of 310 years of breeding and weeding, our slave-masters and their children could visualize the copy they had reprinted from our orig-

inal people. Hence, one slave-master submitted his now famous "Emancipation Proclamation" which actually documented these truths.

**WE WERE** supposedly now domesticated and safe peoples.

But today Islam is here — a completely new Islam teaches the Most Honorable and Humble Elijah Muhammad — a different and best interpretation of the one of the oldest religions in existence. The people who accept this better way of reliving will be prepared for all the tricks and most methods of propaganda used so effectively by the Devils.

He has long advertised his world as the "land of milk and honey." And he has long sold my poor misguided people the version that theirs is "in heaven, after they die."

The Devils call this a "melting pot," but close examination and analysis will show that only the poor blacks have been "melted."

**ALL IMMIGRANTS** retained their built-in mores and standards, except the ex-slave. Just to be black does not give you and I an African culture, dear brothers and sisters. You have to be reared in, built in, and made to understand native cultures before you latch onto terms such as Afro-American, etc.

Until you and I accept our own, we remain no more than black slaves — servants and property of white America. Only Islam, as taught by the only man who sincerely grieves for this nation, the Most Honorable and Humble Elijah Muhammad, will do the job. It's easy to be self. It's easy to accept Islam. ### Australian Island to Get Independence

**NEW YORK** — A special United Nations session was held recently considering the question of Nauru, which is to receive its independence from Australia soon.

**IN A LETTER** to the Secretary General Australia said the date for Nauru's accession to independence had been agreed upon following talks between representatives of the Nauruan people and the Governments of the United Kingdom, New Zealand and Australia.

Nauru is administered by Australia on behalf of the three Governments.

Formerly called Pleasant Island, Nauru is an 8 square mile area with a population of over 4,500 in the Pacific

**TOP FISHERMAN** at Muhammad's Flint, Michigan Mosque of Islam is Brother Earl X (center, left) who is credited with bringing in 25 Lost-Founds in a single night. Brother Earl is seen receiving a plaque in recognition of his efforts from Brother Captain George X as other members of the Mosque look on.

## Islam's Gifts Have Lasting Value

By BROTHER RAY 2X (Monroe, La.)

Allah's teaching, through his Apostle, has made a way out of no way for me.

**IT HURTS** the white man when we prosper, especially when we do it independently of his aid and advise.

I say to my brothers and sisters who feel that the leadership of the Honorable Elijah Muhammad is designed only for the down-trodden, wake up! You may own millions of dollars or more, but until you have the truth, you have nothing.

If you fear the loss of security for accepting the Islamic must not be too secure.

**SOME-TIMES** it's necessary to lose something to gain. When you gain the protection of Allah, and the wisdom of his Messenger, you have gained the world. No one can take away that which Allah gives to you.
